

LUXSMART

where home meets innovation

[LUXSMART.AE](https://luxsmart.ae)

ABOUT US

Luxsmart is a leading provider of premium home automation and cinema solutions, delivering smart, intuitive environments for luxury residential and commercial spaces. Based in Dubai, we focus on creating intelligent, seamless experiences using the latest in smart technology.

Our projects are defined by precision, discretion, and design-focused integration. We work closely with architects, interior designers, developers, and property owners to ensure our systems blend perfectly into the vision of each space.

From lighting and climate control to immersive cinema and whole-home integration our mission is to bring comfort, luxury, and effortless control to the modern lifestyle.

Vision

To become the most trusted name in smart living across the UAE and the region, by delivering cutting-edge automation and cinema solutions that blend technology, design, and lifestyle into one seamless experience. We envision a future where homes and spaces are not just automated, but intuitive, elegant, and inspiring built around the people who live in them.

Mission

To deliver beautifully crafted, intuitive, and reliable smart technology systems tailored to the unique needs and lifestyles of our clients
